## I'm Talking STAMPS

Dear Collectors,

Welcome to our Jan/March edition of the Philatelic Newsletter.

In this edition I would like to first introduce to you our 2020 stamp issue line-up, whose release dates will later be made known. Also included on the list are three of the four issues that did not make it last year, 2020. Unfortunately, the 'PNG Faces' did not make it into the 2020 listing. So unless reshuffled later in the year, the order of release should appear in this manner:

1. Overprints - Apec 2018
2. Overprints - Tuna Fishery
3. Post Courier 50th Anniversary
4. Breadfruit
5. Bilum's
6. Birds of Paradise
7. Salt Water Crocodiles
8. IGPC Issue 1
9. PNG Made Products
10. Traditional War Shields
11. IGPC Issue 2
12. Canoe Flash Boards
13. Traditional Grass Skirts
14. Freshwater Fish
15. Shell Arm Bends
16. Kundu/Garamuts
17. MAF 70th Anniversary

As the release dates of these issues have yet to be made known, we've resorted to releasing 2 x Overprint Issues to meet current demand experienced at our Post Offices. The overprints, as you will have noticed, are now off the press and are selling online and at our post offices nationwide. Stocks used for the overprints are those of APEC 2017 and TUNA Fishery 2016.

I regret to advise that due to the current lock-down Covid 19 situation experienced the world over, delivery time to all destinations may take longer than usual. Thank you again for your continued support and the opportunity you're giving us to serve you. Happy Collecting.
